

DAVI

Plate and Angle Rolls

Plate Roll

Davi manufactures the widest range of plate roll: 3 and 4 rolls

For plates from 2 to 6m width and from 6 to 400mm thickness

MCA

MCE

MCB

MAV

MCO

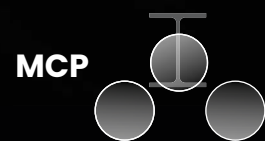

Angle Roll

Davi manufactures the widest range of angle roll

Beams up to 1,200mm height

Pipes up to 800mm diameter

Flanges up to 600x200mm on edge

Research & Development

Engineering Everyday Challenges

The Davi R&D division can help by designing custom made solutions based on customers' needs

Customized Machines

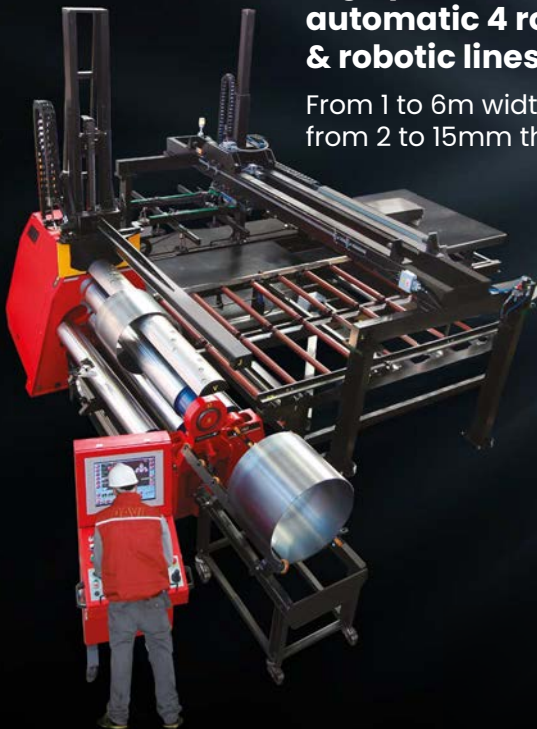

- > Tank trailers
- > Vertical plate roll
- > Aircraft
- > Aerospace
- > Shipyard
- > Pipe mills

From 6 to 24m width

High productivity automatic 4 roll & robotic lines

From 1 to 6m width and from 2 to 15mm thickness

Wind Towers Lines More than 300 machines operating worldwide through the major players

From 10-30 to 80-150mm thickness and from 2 to 12m diameter

**AEROSPACE
& AIRCRAFT**

TANK TRAILER

EARTH MOVING

**WIND ENERGY
ONSHORE & OFFSHORE
FOUNDATIONS**

NUCLEAR

WATER TOWERS

AGRICULTURE

MINING

TANKS

HYDROPOWER

PIPES

SHIPBUILDING

**OFFSHORE
PLATFORMS**

**PRESSURE
VESSELS &
BOILERS & HEAT
EXCHANGERS**

SILOS

STEEL STRUCTURES

Quality & After Sales

Total Control of the Production System

- > Partnership with high-level companies
- > Complete management of the manufacturing process
- > Integrated quality control throughout the entire flow

Dedicated Engineers Always Available to Support Customers

They are not involved in Davi production. Highly professional team, which ensures installations, commissioning, training, preventive maintenance worldwide, including service to machines of competitors that can't supply prompt support
